

Osama Mehifoodh | Senior Frontend Developer

Riyadh, Saudi Arabia | +966503947449 | osdroidi@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Senior Frontend Developer with **5+ years of experience** specializing in the **Next.js/React ecosystem**. Proven track record of building scalable, high-performance web applications for major Saudi entities (NHC) and high-growth startups. Expert in transforming complex Figma designs into seamless user experiences using TypeScript, Redux Toolkit, and modern UI frameworks.

TECHNICAL SKILLS

- **Core:** JavaScript (ES6+), TypeScript, HTML5, CSS3/SASS.
- **Frameworks/Libraries:** Next.js, React.js, Angular, Redux Toolkit, Context API.
- **UI & Styling:** Material UI (MUI), Tailwind CSS, Ant Design, Chakra UI, Formik/Yup, Figma.
- **Tools & Testing:** Git, REST APIs, Cypress, AI-driven development tools.
- **Specialized:** DGA (كود المنصات) Compliance, SEO Optimization, Performance Tuning.

PROFESSIONAL EXPERIENCE

NHC Innovation | Senior Frontend Developer

Nov 2024 – Present | Riyadh, Saudi Arabia

- Architecting and maintaining enterprise-grade responsive applications using **Next.js** and **Redux Toolkit**, focusing on high availability and modularity.
- Implementing **DGA (كود المنصات)** standards to ensure government-level compliance and accessibility across all digital platforms.
- Leading the integration of robust form architectures using **Formik and Yup**, reducing form-related bugs by streamlining validation logic.
- Collaborating with cross-functional teams to bridge the gap between backend APIs and UI, ensuring seamless data flow and optimized performance.

Tktah | Frontend Developer

Sep 2023 – Oct 2024 | Riyadh, Saudi Arabia

- **Built the primary ticketing platform from scratch** using Next.js, handling high-traffic event loads and real-time seat selection.
- Developed internal administrative dashboards using **Angular**, improving operational efficiency for managing event data.
- Optimized Core Web Vitals, resulting in faster page loads and a better user experience for mobile ticket purchasers.
- Converted complex Figma mockups into pixel-perfect, responsive components using **Material UI**.

Speero | Frontend Developer

Apr 2022 – Sep 2023 | Riyadh, Saudi Arabia

- Enhanced the automotive marketplace platform using **Next.js** and **Ant Design**, focusing on searchability and conversion rates.
- Integrated complex **RESTful APIs** using Fetch/Axios to manage a massive inventory of spare parts.
- Refactored legacy components into reusable functional components, improving codebase maintainability.

Speedhome | Frontend Developer (Remote)

Feb 2021 – Jan 2022 | Kuala Lumpur, Malaysia

- Implemented **Cypress** end-to-end testing to ensure the reliability of the booking flow, reducing production regressions.
- Managed global state using **Redux**, facilitating a smooth user journey from property search to contract signing.

PROJECTS

- [Simple E Commerce Website \(React.js\)](#): React JS page to view products and the ability to search and add to cart and see an order summary built with context API.
- [Zuhal \(Next.js\)](#): Creative production site focusing on high-end visual aesthetics and smooth animations.
- [Speed Order \(Next.js\)](#): Developed a full-service delivery site with integrated Google Analytics and a heavy focus on **SEO strategy** for the Saudi market.
- [Dokhna \(HTML/CSS/JavaScript\)](#): Built a high-performance landing page for the automotive sector utilizing AI tools to optimize conversion funnels.

EDUCATION

Limkokwing University of Creative Technology | Cyberjaya, Malaysia

Bachelor of Science (Hons) in Software Engineering with Multimedia

- **GPA: 3.85 / 4.00** | Graduated July 2020
