SUMMARY

Experienced Front-end Web Developer proficient in JavaScript, React JS, Next JS, Redux Toolkit, and Rest API. Skilled in creating dynamic and responsive web applications that enhance user experience. Developed and maintained web applications for various companies.

SKILLS

JavaScript ES6, TypeScript, HTML/CSS/SASS, React JS, Next JS, Redux Toolkit, Rest API, Context API, Git, Tailwind CSS, Cypress, Ant Design, Chakra Ui, Figma.

WORK EXPERIENCE

Speero / Web Developer (On-site)

10/2022-Present: Riyadh, Saudi Arabia

- Created Next JS and Ant Design-based pages and components.
- Enhancing current projects using a diverse range of web technologies, frameworks, and tools, including Next JS and Ant Design.
- Utilized Fetch API to consume Restful Web APIs in Next JS.

Axenda / Web Developer (Remotely)

06/2022-09/2022: Riyadh, Saudi Arabia

- Developed and maintained web applications for Axenda.
- Working with Next.js and Chakra UI for the frontend.
- Worked as a developer in a team of designers and engineers to develop a dynamic website built on modern web technologies.
- Used Supabase, React, and Typescript alongside multiple state management methods such as Redux and React Query.

Speedhome / Web Developer (Remotely)

02/2021-10/2021: Kuala Lumpur, Malaysia

- Working to improve existing projects with various web tools/technologies/frameworks such as Next JS and reactstrap.
- Designed pages and specific components built on Redux, CSS.
- Consumed Restful Web API using Axios in Next JS.
- Implementing automation like Cypress testing with Next JS.

George Healthcare Berhad / Web Developer (On-site)

11/2019-03/2020: Kuala Lumpur, Malaysia

- Translated the design team's mockups into responsive, interactive features using HTML5, CSS3, and Bootstrap.
- Completed full redesigns of existing websites to improve navigation, enhance visuals, and strengthen search engine rankings.

- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images, and layout using WordPress (**design system - style guide**).
- Multi-tasked across multiple focuses to generate project results and meet deadlines and organizational expectations.

SIDE PROJECTS

- **E-commerce page (React JS)** | [GitHub](#) | [Live Site](#)
Created an E-commerce page using React JS that allows users to view products, search for specific items, add them to their cart, and view an order summary. Implemented Context API for state management.
- **Speed Order (Next JS)** | [Live Site](#)
Developed a website for a Saudi delivery service company using Next JS and react-bootstrap library for styling the components. Implemented Google Analytics to track and report website traffic. Also worked on the SEO optimization for the website.
- **Case Converter Pro (Next JS)** | [GitHub](#) | [Live Site](#)
Web application developed using Next.js. The app converts text between different cases and provides a user-friendly interface that is accessible on any device.

EDUCATION

Limkokwing University of Creative Technology / Bachelor of Science (Hons) in Software Engineering with Multimedia

08/2017-07/2020: Cyberjaya, Malaysia

- GPA: 3.85/4.00
